INFORMATION DISCLOSURE STATEMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with Applicants' duty of disclosure under 37 CFR 1.56, a copy is herewith submitted of documents which may be pertinent to the invention as claimed in the above-identified application. The attached Form PTO/SB/08A lists these documents individually. This Information Disclosure Statement is being filed:

____ Within three (3) months of the filing date of the national application.

____ Before the mailing date of a first Office Action on the merits.

XX After the filing date or date of the first Office Action, but before the mailing date of a final action under 37 CFR 1.113, a Notice of Allowance under 37 CFR 1.311, or an action that otherwise closes prosecution in the application, and is accompanied by either a statement or the fee set forth in 37 CFR 1.17(p).

The fee set forth in 37 CFR 1.17(p) of \$180.00 is submitted herewith. Credit Card Payment Form PTO-2038 is enclosed.

Applicants were made aware of these patents through interaction with a vendor.

No item of information contained in the Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application and, to the best of my knowledge after making reasonable inquiry, no item of information contained in the Information Disclosure Statement was known to any individual designated in 37 CFR 1.56(c) more than three months prior to the filing of the Information Disclosure Statement.

It should be understood that attention has been called to the references that have been deemed to be pertinent to the claimed present invention. In concluding what was

pertinent, the criteria employed was considered most appropriate in light of the invention shown in the present application. However, the Examiner or others may deem some other criteria to be just as appropriate or more appropriate. Therefore, the Examiner is respectfully urged to review the listed references and to make the usual careful independent search for other prior art that may be pertinent.

The citation of these documents should not be construed as a representation that a thorough search has been made, or that other more pertinent material is not available.

Respectfully submitted,

Anthony W. Karambelas
